Minutes

Old Business:

Chris Stiverson raised concerns regarding the cabins being built at 13611 Hildebrandt Road. A request regarding this property was made and tabled at the November 2016 Planning Commission meeting. It appears that four cabins are being built when the site has not been approved for that number. The Commission discussed this matter. Oversight regarding the number of units falls under the jurisdiction of the County Health Department. A motion was made by Stiverson and seconded by Angle to write a letter to the Health Department regarding this matter. By voice vote: all yea.

New Business:

None.

Adjourn

A motion to adjourn was made by Angle and seconded by Maniskas. By voice vote: all yea. Meeting adjourned at 10:20 A.M

Respectfully Submitted,
