

Welcome to the Logan Ohio Fire Department. We welcome any suggestions as to information that you would like to see on this web site. The Logan Fire Department is here to protect the citizens of Logan and Hocking County.

- The Logan Fire Department has ten full time personnel, eleven part time, and five volunteers.
 - We work out of one station located at 155 East Main Street, Logan Ohio.
 - We cover a total of ninety-four (94) square miles in Hocking County.
- Emergency runs are received by the [Hocking County 911 Center](#) and then dispatched via radio and teletype.
 - Once received, the firefighters leave the station in approximately **90 seconds** to respond to the emergency.
 - Our average response time to the scene is **7 minutes** depending on the distance from the station to the incident site.
- Apart from firefighting, the department also provides fire inspections for commercial structures.
 - We inspect for life safety and fire safety.
 - The Logan Ohio Fire Code complies with the Ohio Fire Code and B.O.C.A. Building Codes.
 - To view these codes, you may visit either of these links:
